MOUTH: Itchy mouth SKIN: A few hives around mouth/face, mild itch GUT: Mild nausea/discomfort	MOUTH: SKIN:	Itchy mouth A few hives around mouth/face, mild itch		 Stay with st healthcare p parent If symptoms above), USI 	udent; alert professionals and s progress (see E EPINEPHRINE		

Epinephrine (brand and dose): _____

Antihistamine (brand and dose):

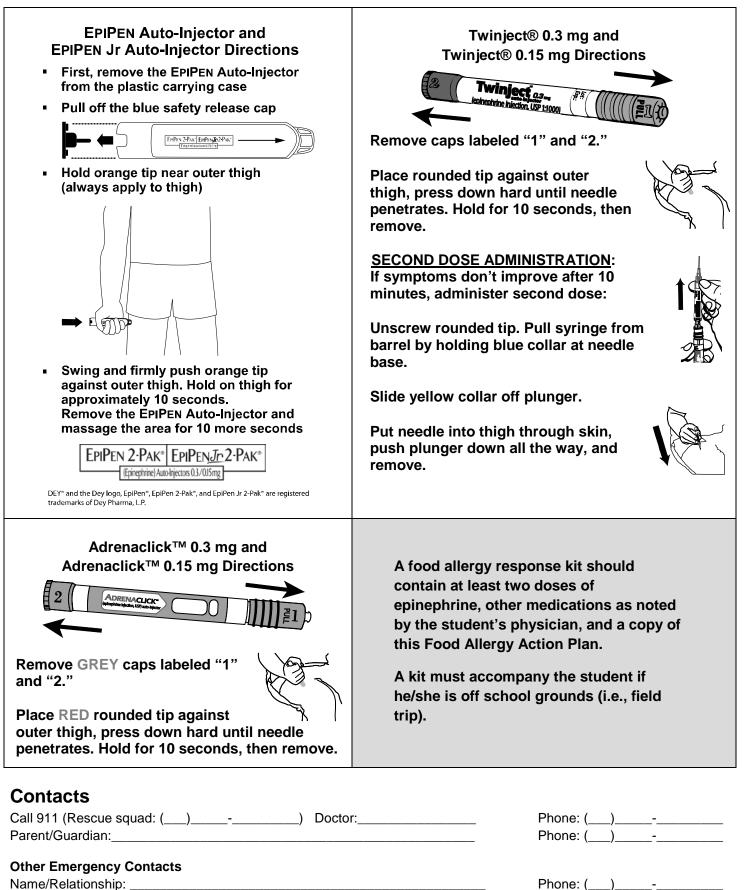

Other (e.g., inhaler-bronchodilator if asthmatic):

Monitoring

Stay with student; alert healthcare professionals and parent. Tell rescue squad epinephrine was given; request an ambulance with epinephrine. Note time when epinephrine was administered. A second dose of epinephrine can be given 5 minutes or more after the first if symptoms persist or recur. For a severe reaction, consider keeping student lying on back with legs raised. Treat student even if parents cannot be reached. See back/attached for auto-injection technique.

Allergy History Form

(Return to Nurse/Designated School Personnel (DSP))

Dear Parent/Guardian of: Date:

According to your child's health records, he/she has an allergy to:

Please provide us with more information about your child's health needs by responding to the following questions and returning this form to the school office.

- 1) When and how did you first become aware of the allergy?
- 2) When was the last time your child had a reaction?
- 3) Please describe the signs and symptoms of the reaction.
- 4) What medical treatment was provided and by whom?
- 5) If medication is required while your child is at school, the enclosed Emergency Action Plan (EAP) form must be completed by a licensed medical provider and parent/guardian.
- 6) Please describe the steps you would like us to take if your child is exposed to this allergen while at school.
