Expansion of On-Site Learning

- Seniors returned on October 6!
- All other students returning on October 13!
- Mondays are still 100% remote.

Masks

- Please reinforce proper mask wearing with your students!
- Masks should cover the nose and mouth!

Not Feeling Well? Stay Home!

- If a student comes to school who isn't feeling well and later tests positive for COVID-19, they may quarantine many other students and staff!
- One student that tests positive may quarantine three to four students and the teacher in a single classroom (depending on contact tracing start date). With high school students having four classes in a day, that means 12 - 16 students, as well as 3-4 staff members, may be quarantined from a single positive student.
- All attendance incentives have been removed!
- Any absent students are still able to join their classes remotely!
- In any situation, FHS will receive guidance from the Whiteside County Health Department

LAW ENFORCEMENT DRILL

10/7 AND 10/8

- Our annual safety drill will be conducted with law enforcement Wednesday and Thursday of this week.
- Students and teachers will discuss how they would respond to if we were to experience an intruder. They will discuss how they would exit or how they might barricade within the classroom.
