RE: RFP synthetic track replacement

The River Bend School District is seeking bids to replace the current high school running track and all areas around the track that have synthetic surfaces. Work includes for all track and field event areas:

- Remove and dispose of existing running track surfaces.
- Sweep and blow clean existing asphalt in preparation of new track services
- Repair any cracks in the existing asphalt using a crack filler compatible with the new track surfacing system
- Install polyurethane base mat running track to all track and field areas
- Apply certified line striping to NFHS and IHSA guidelines to include lettering on the home straight away
- Clean and restore job site to its original condition
- Provide warranty of no less than five years
- Pricing based on prevailing wage

Those interested in providing a bid to the school district can contact Patrick Henrekin, Athletic Director or Gary Wolfe Buildings and grounds director at 815-589-3511. Bids will be due February 13, 2019. Bids can be sent to 1110 3rd Street Fulton, IL 61252
